Cohen's Lottery and Exchange-Office.

Hoc signo Fortuna.

BALTIMORE—WEDNESDAY, OCTOBER 12, 1825.

The drawing close at hand.

Very few tickets remaining unsold in the GRAND STATE LOTTERY, of Maryland, our friends and the public in distant places, should lose no time in sending on their orders—The sales in this Lottery are unrivalled—the great demand arising from the unrivalled popularity of the mode of drawing, which being on the *Odd and Even system* gives to the adventurer the CERTAINTY of obtaining at least one prize in the purchase of two tickets or two shares, and in the same proportion for a larger purchase—(For particulars, see the scheme, which is published entire on the next page)—The drawing will take place in the city of Baltimore, on Wednesday the 9th of NEXT MONTH, (November) under the superintendence of the Commissioners, appointed by the Governor and Council.

Whole Tickets, \$5 00 | Quarters, . \$1 25
Halves, 2 50 | Eighths, . . . 62

ORDERS from any part of the United States, either by mail, (post paid,) or private conveyance, enclosing the Cash or Prize Tickets in any of the Lotteries, will meet the same prompt and punctual attention as if on personal application. Direct to

J. I. COHEN, JR. & BROTHERS,
Baltimore.

CERTIFICATES.—We refer our distant customers and the public, to the table on the 4th page of rates for certificates of tickets in the State Lottery. The object of issuing them is for the accommodation of those who may not wish to advance the whole amount of the cost of tickets, but only to pay the difference between that sum and what the Tickets must necessarily draw—The surplus, if any results, will be the profit of the Adventurers.

The popularity of the Scheme of the GRAND STATE LOTTERY, in consequence of its brilliancy and its mode of drawing, have caused a continuance of sales the most unrivalled and unprecedented—in fact the very trifling sum vested in the *Odd and Even system*, compared with the prospect of obtaining an independence of THIRTY THOUSAND DOLLARS, justifies and prompts even the most cautious to become adventurers;—for example, in the purchase of two Whole Tickets, which costs but Ten Dollars, there is a CERTAINTY of receiving back at least Three Dollars and 40 cts. which is risking but \$6 60 cts. for two entire chances for the numerous Capitals in the Scheme—and in the same proportion of investment for Shares.

PETERSBURG, Oct. 3.

COTTON.—Of the new crop is coming in rapidly, and there is just now much competition for its purchase. Some parcels sold yesterday for 17 1-2 cents Virginia money. This price we understand is given in compliance with orders from Northern Manufacturers—Our Country friends will perceive that it is something above the last LIVERPOOL rates; and therefore that the article so bought will not answer for exportation, and must be expected to decline as the present home demand subsides.

FRANCE AND NAPLES.—The North American Review mentions that the government of the United States has lately revived the negotiation with Naples, in reference to Murat's spoiliations,

and that Mr. J. J. Appleton has been despatched to Naples as a Special Agent for the purpose.

A writer in the United States Gazette, states that the debt due from France to the Citizens of the United States for property seized and confiscated under the Berlin, Milan and Rambouillet decrees, has been estimated at more than thirty millions of dollars, not one cent of which, he asserts, has been returned to the present day.

NEW YORK CANAL.—The great New York celebration of the meeting of the waters, will probably take place about the 26th inst. Every thing has been done to render the ceremonies worthy of the important occasion. Among other preparations, a contract has been made to have thirty two pounders planted six miles apart, on the entire line of Canal from Buffalo to Albany. A salute will be commenced the instant the water of Lake Erie is let through the lock, and be continued by successive discharges, for the whole distance. The order of firing will then be reversed, and continued back from Albany to the Lake, affording a salute unparalleled in his history. The length of the Canal is 360 miles: that divided by six gives 60, which will be the number of cannon. Allowing two minutes for each gun, including the passage of sound, two hours will be required to communicate to the citizens of Albany that the gallant bark has departed from one Ocean, to sail over the tops of mountains, into another. And in two hours more the congratulations of the thousands at Albany, will be carried back to their friends at Erie. Thus in the short space of four hours, the joyful news will have travelled over the enormous distance of seven hundred and twenty miles!

Items of Intelligence.

Eagle Bank.—The stopping payment of the Eagle Bank at New Haven has excited great alarm in Connecticut. The office continues open and they continue to receive their notes in payment of debts. The funds of several religious charitable Institutions, were vested in the stock of this company, which has fallen to a discount of 60 per cent. and the notes have depreciated one half. The Directors have called in the assistance of two gentlemen of talents and respectability in the investigation of the concerns of the Bank. The capital was \$400,000 but the causes of its failure are still enveloped in mystery.

Lafayette.—It is stated by the editors of the National Intelliger, that General La Fayette received upwards of four thousand letters from different places during his stay in the United States, desiring his assistance in procuring pensions for some of the soldiers of the revolution.

Travelling.—The fare of all the lines of communication between Philadelphia and New York, have been reduced to two dollars, which is less than one half of the fare between Alexandria and Baltimore, while the distance between the former places is more than double that between the latter. In the first, however, there is competition—in the last, a monopoly.

Two gentlemen arrived in New York on Tuesday, who left Detroit on the 27th ult. at 3 o'clock, P. M. in the steam brig Superior; thus completing the journey in six days and ten hours, travelling the whole distance by the usual conveyance—steam boats and stages.

A petition is to be presented to the next Legislature of Virginia, for an act of incorporation for a company to improve the navigation of James River on the South side, by a Canal and Railway.

Medical College of S. Carolina.—The faculty of the Medical College of Charleston, have published

a very satisfactory statement of the progress of that establishment, in which the first course of lectures commenced on the 2d Monday in November 1824, and continued until the end of March, having been attended by 51 students, principally from South Carolina and Georgia.—The Corporation have appropriated 15,000 dollars for a new edifice.

The Boston papers state that the President of the United States will commence his homeward journey about the 14th or 15th inst.; his presence being required in Washington on the 20th.

Charleston.—By a late census of the inhabitants of Charleston, South Carolina, it has been ascertained that there are 3,434 effective militia in that city; 1,310 of which are denominated *Alarm Men*, and are ready to meet a call to arms at a minutes warning. Great improvements have recently taken place in the military arrangements of Charleston, attributable, it is said, to the late visit of the great La Fayette. A like effect, from the same cause, has been produced throughout the country.

Flour.—There were 43,226 bbls flour (including halves) inspected in Richmond, Va. during the quarter ending 30th Sept. In Baltimore for the same period the amount inspected was 101,919.—in Alexandria during the same period 18,559 barrels.

The Cyane.—We learn by the New York papers that the United States ship Cyane, Captain Creighton, arrived there on Friday, from the Mediterranean. The Cyane sailed from Gibraltar on the 13th of July last, called at the Island of Tenneriffe, where she was detained a fortnight on public service, and sailed again on the 3d of August; made St. Antonia, one of the Cape de Verdes on the 10th, then proceeded to the coast of Africa, and arrived at Cape Messurado, on the 22d August, where she only remained one day. The Colony was found in a most prosperous and healthy condition, and the intercourse with the natives was on the most friendly footing. The crew suffered severely from the heat on the coast of Africa, but have nevertheless been perfectly healthy.

The U. S. ship *Hornet*, Capt WOODHOUSE, was towed down from the Navy Yard on Saturday last, to the Naval anchorage off Town Point, by the steam boat Virginia, whence we learn she will sail in a few days for the West India station. She carries out, as before mentioned, Coms. Bainbridge and Warrington and Capt. Biddle, deputed by Government to fix upon and contract for the purchase of a site in the Gulph of Mexico, for a Naval Arsenal in execution of the law of Congress at its last session.

The venerable Charles Carroll, of Maryland, one of the three surviving Signers of the Declaration of Independence, attained his eighty-ninth year on the 21st ult. His venerable compatriot John Adams, will, in a few days, reach his ninetieth year.

Sporting Intelligence.—It gives us pleasure to state, that Walter Livingston and John Stevens, Esqrs. have purchased *Eclipse*, the northern, and *Sir Henry*, the Southern champions of the turf, to be kept in this vicinity exclusively for studs.—The price paid for *Eclipse* was \$10,000, and for *Sir Henry* \$3000. This will be valuable intelligence to our farmers; and we think the meed of praise is justly due to these enterprising gentlemen, for their public spirit in this effort to improve the breed of the noblest of our domestic animals.—N. Y. Com.

Public Debt.—We understand that 6,117,006 dollars 84 cents of the six per cent stock of 1812 will be liquidated on the first of October inst.—Warrants have been already issued to this amount. The original loan was authorized on the 14th of March, 1812, amounted to 7,134,700 dollars, about one-fourth of which, it will be seen, has been previously redeemed.—Wash. Gaz.

NO TIME TO BE LOST.

BY SPECIAL ACT OF ASSEMBLY.

Grand State Lottery

OF MARYLAND,

Under the superintendence of the Commissioners appointed by the Governor and Council, and by the Improved Mode of Drawing, secured by Letters Patent under the Seal of the United States.

THE WHOLE TO BE COMPLETED IN ONE DAY,
AND WILL POSITIVELY TAKE PLACE IN THE CITY OF BALTIMORE, ON

Wednesday, the 9th of November.

HIGHEST PRIZE:

30,000 DOLLARS.

SPLENDID SCHEME.

20,000	4	80,000

20,813 PRIZES.

\$152,000

40,000 TICKETS—Not One Blank to a Prize.

MODE OF DRAWING:

The Numbers will be put into one wheel as usual—and in the other wheel will be put, the prizes *above* the denomination of 4 dollars, and the drawing to progress in the usual manner. The 20,000 prizes of \$4 will be awarded to the odd or even Numbers in the Lottery, (as the case may be,) dependant on the drawing of the Capital Prize of THIRTY THOUSAND DOLLARS.—that is to say, if the 30,000 dollar prize should come out to an *Odd* Number, then *every Odd Number in the Scheme* will be entitled to a \$4 prize.—If the 30,000 dollar prize should come out to an *Even* Number, then all the *Even Numbers in the Scheme* will be each entitled to a prize of 4 dollars.

☞ *The Odd Numbers are those ending with 1, 3, 5, 7 or 9.*

☞ *The Even Numbers are those ending with 2, 4, 6, 8 or 0.*

This mode of drawing not only permits the whole Lottery to be completed in ONE DRAWING, but has the great advantage of distributing the small prizes regularly to *every alternate Number in the Scheme*, so that the holder of Two Tickets, or Two Shares of Tickets, (one Odd and one Even Number,) will be certain of obtaining at least one Prize, and in the same ratio for any greater quantity.

☞ A Ticket drawing a superior Prize in this Scheme, is *not restricted* from drawing an inferior one also—many tickets therefore, will necessarily obtain TWO PRIZES EACH!

The Holders of Two Tickets, or Two Shares, will be CERTAIN of obtaining at least One Prize, and may draw THREE!

WHOLE TICKETS, \$5.00 | QUARTERS, . . \$1.25
HALVES, 2.50 | EIGHTHS, 62 CTS.

To be had in the greatest variety of Numbers, (Odd and Even,) at

COHEN'S

Certificates of Tickets.

The superior advantages of the *Odd and Even* System of drawing has been universally admitted by the great demand for the Tickets and Shares in the former Schemes of the GRAND STATE LOTTERY OF MARYLAND, and which is further increased in the present Scheme.—For the accommodation of Companies and Individuals, who may not wish to advance the whole amount of the cost of Tickets in the present GRAND STATE LOTTERY, but only to pay the difference between that sum and what the Tickets must necessarily draw, we have prepared CERTIFICATES for that purpose, and in this Lottery (and it is the only Scheme in which they can be so prepared) Adventurers can be supplied with them for any number of Tickets, from two, upwards, at the following rates, viz.

Certificate for Two Whole Tickets, . . . \$6 60
Do. for Four Whole Tickets, . . . 13 20
Do. for Six Whole Tickets, . . . 19 80
Do. for Eight Whole Tickets, . . . 26 40
Do. for Ten Whole Tickets, . . . 33 00

And in the same proportion for any quantity of Whole Tickets.

SHARE TICKETS, viz.

Certificate for Two Halves, \$3 30
Do. for Four Halves, 6 60
Do. for Six Halves, 9 90
Do. for Eight Halves, 13 20
Do. for Ten Halves, 16 50

And in the same proportion for any quantity of Half Tickets.

Certificate for Four Quarters, \$3 30
Do. for Six Quarters, 4 95
Do. for Eight Quarters, 6 60
Do. for Ten Quarters, 8 25

And in the same proportion for any number of Quarters.

For Example:—The cost of Two Whole Tickets, (one Odd and one Even,) is Ten Dollars—one of them MUST draw a prize at least of Four dollars, which (after deducting the 15 per cent. to the State) is nett 3 dollars and 40 cents—therefore, instead of paying the whole sum of 10 dollars, the adventurer need pay only 6 dollars and 60 cents—inasmuch as the two tickets which we retain, (giving him a certificate of the Nos.) must produce the remainder, say the 3 dollars and 40 cents, which would be due to us.—If the Two Tickets produced more than the 3 dollars and 40 cents, the SURPLUS would be the gain of the adventurer, to whom the amount would be remitted, or paid on presentation of the Certificate.

* * ORDERS for Certificates, enclosing the Cash or Prizes in any of the Lotteries, (post paid,) will meet our accustomed prompt attention.—Address to
